

**VEITH** SYMPOSIUM<sup>®</sup>  
Connecting The **Vascular** Community

# The J. Leonel Villavicencio Latin-American Program at VEITHsymposium

Friday, November 22, 2024

7:00 a.m. – 6:00 p.m. | Murray Hill Suites, 2nd Floor

This is a Non-CME activity.

|                    |   |                    |   |
|--------------------|---|--------------------|---|
| 7:00 – 7:05        | Welcoming Remarks<br><i>Enrico Ascher, MD</i><br><i>Frank J. Veith, MD</i>  |                    |   |
| <b>SESSION 1</b>   | <b>PERIPHERAL ARTERY DISEASE 1</b>  | <b>SESSION 3</b>   | <b>VENOUS SESSION</b>   |
| <i>Moderators:</i> | <i>Tulio Navarro, MD, PhD</i><br><i>Jorge Ulloa, MD</i><br><i>Rebeca Reachi, MD</i><br><i>Armando Mansilha, MD, PhD</i>   | <i>Moderators:</i> | <i>Nicos Labropoulos, MD</i><br><i>Jorge Ulloa, MD</i><br><i>Rebeca Reachi, MD</i><br><i>Aleksandra Jaworucka-Kaczorowska, MD, PhD</i>  |
| 7:06 – 7:16        | Treatment Of Renal Arteriovenous Fistula Of Traumatic Etiology With Coronary Covered Stent<br><i>Santiago G. González, MD</i>   | 9:00 – 9:10        | Pulmonary Embolism Risk Stratification<br><i>Nick Mouawad, MD</i>   |
| 7:17 – 7:22        | Predictability Of Pedal Acceleration Time In Limb Salvage In Revascularized Patients<br><i>Michel Acta, MD</i>  | 9:11 – 9:16        | Efficacy Of Ultrasound-Guided Foam Sclerotherapy For Venous Ulcers In Patients Non-Adherent To Compression: Preliminary Results From A Prospective Cohort Study<br><i>Douglas Poschinger-Figueiredo, MD</i> |
| 7:23 – 7:28        | Fear Perception And Clinical Severity In Diabetic Foot Ulcers: A Multicenter Cross-Sectional Study<br><i>Alfredo Verástegui Dávila, MD</i>  | 9:17 – 9:22        | Experience With DVT/PE And IVC Filter Insertion At A Level II Trauma Safety-Net Hospital System<br><i>Grahya Guntur, MD</i>   |
| 7:29 – 7:34        | Above-Knee Femoropopliteal Revascularization In TASC D Patients – As Comparison Among Angioplasty With A Single Stent, Angioplasty With Multiple Stents, And Open Surgery<br><i>Leonardo Silveira de Castro, MD</i> | 9:23 – 9:28        | Comparison Of Covered Versus Uncovered Stents For Superior Vena Cava Syndrome: A Systematic Review And Meta-Analysis<br><i>Grace C. Mulatti, MD, PhD</i>  |
| 7:35 – 7:40        | Long And Complex Lesions In The Femoro-Popliteal Territory Were Treated With The Supera Stent<br><i>Ana Paula Mollon, MD</i>  | 9:29 – 9:34        | Experience With The ClotTriver Mechanical Thrombectomy Device In Patients With Extensive Deep Venous Thrombosis At The General Hospital Of The Plaza De La Salud<br><i>Elsa Rollán, MD</i>                  |
| 7:41 – 7:46        | Correlation Of The Wifi Classification With Major Amputation And Mortality In CLTI<br><i>Tulio Navarro, MD, PhD</i>   | 9:35 – 9:40        | Long-Term Results And Paradigm Shift In The Treatment Of Pelvic Venous Disorder (PVD)<br><i>Fabio H. Rossi, MD</i>  |
| 7:47 – 7:57        | <b>Panel Discussion</b>   | 9:41 – 9:46        | Axillary Versus Jugular Vein For Totally Implanted Port-A-Cath, Randomized, Controlled Trial<br><i>Guilherme Yazbek, MD</i>   |
| <b>SESSION 2</b>   | <b>ABDOMINAL AORTA</b>  | 9:46 – 9:59        | <b>Panel Discussion</b>   |
| <i>Moderators:</i> | <i>Elina Quiroga, MD, MPH</i><br><i>Ignacio Escotto, MD</i><br><i>Rossi S. Murilo, MD</i><br><i>Chang Shu, MD</i>   | <b>SESSION 4</b>   | <b>NANO ENDOLUMINAL – THE VERSATILITY OF THE REPOSITIONABLE FENESTRATED AND BRANCHED APOLO ENDOGRAFTS IN THE MANAGEMENT OF COMPLEX AORTIC AND ILIAC ANEURYSMAL DISEASE</b>                                  |
| 8:00 – 8:10        | 2023 Brazilian Guidelines On AAA<br><i>Grace C. Mulatti, MD, PhD</i>  | <i>Moderators:</i> | <i>Edwaldo E. Joviliano, MD, PhD</i><br><i>Daniel Miquelin, MD</i>  |
| 8:11 – 8:16        | AORTEK – Design And Development Of A Hybrid Bovine Pericardium Aortic Endograft<br><i>Luis Felipe Cabrera Vargas, MD</i>  | 10:00-10:02        | Opening Remarks<br><i>Armando C. Lobato, MD, PhD</i>  |
| 8:17 – 8:22        | Initial Experience In The Treatment Of Complex Abdominal Aortic Aneurysms With Modified Endografts Guided By 3D Printing<br><i>Jeison Peñuela-Arredondo, MD</i>   | 10:02-10:08        | The Revolutionary Sliding Rail Technique – The Advantages Of The Repositionable Apolo Fenestrated Endografts<br><i>Nilo Mandelli, MD, MSc</i>   |
| 8:23 – 8:28        | Associated Factors For Mortality After Emergency Repair In Ruptured Abdominal Aneurysms: A Nationwide Analysis In Colombia – First Stage<br><i>Carlos Eduardo Rey Chaves, MD</i>                                    | 10:08-10:14        | Repositionable And Non-Covered Apolo Endografts For Aortic Dissections<br><i>Arno von Ristow, MD, PhD</i>   |
| 8:29 – 8:34        | Chemotherapy Is Associated With Faster Abdominal Aortic Aneurysm Growth In Patients With Concomitant Cancer In A Multicenter Cohort<br><i>Harue Santiago Kumakura, MD</i>   | 10:14-10:20        | Endovascular Preservation Of Internal Iliac Artery Flow With A Novel Repositionable Apolo Iliac Branched Endograft<br><i>Fernando Reis Neto, MD</i>   |
| 8:35 – 8:40        | Outcomes Of Abdominal Aortic Aneurysm Repair In The Brazilian Public Healthcare System: A 10-Year Analysis And The Impact Of The COVID-19 Pandemic.<br><i>Lara N.M. Lopes, MD</i>                                   | 10:20-10:26        | Repositionable Fenestrated Apolo Endograft For Treatment Of Aneurysms And Dissections Of The Aortic Arch<br><i>Mauri Comparin, MD</i>   |
| 8:41 – 8:46        | Safety And Effectiveness Of The Braile Stent Graft For The Endovascular Treatment Of Aortic Diseases<br><i>Fabio Augusto Cypreste Oliveira, MD</i>  | 10:26-10:32        | What We (Don't) Know About Bridging Stents: Do Some Devices Perform Better With The Apolo Fenestrated And Branched Endografts?<br><i>Julio Peclat, MD, PhD</i>  |
| 8:47 – 8:59        | <b>Panel Discussion</b>   | 10:32-11:00        | <b>Panel Discussion</b>   |

**SESSION 5 INARI MEDICAL – ADVANCING DVT CARE: FULL RANGE FROM ACUTE TO CHRONIC**

- 11:00–11:05 Introduction And Welcome Remarks  
*TBA*
- 11:05–11:17 Integrating DVT Care And Optimizing Outcomes Through Patient Pathways  
*TBA*
- 11:17–11:30 Wall To Wall Thrombectomy And Its Role In Modern Full Range DVT Treatment  
*TBA*
- 11:30–11:42 Patient Selection Across The Chronicity Spectrum  
*TBA*
- 11:42–11:55 Proven Success Maximizing Outcomes And Value In DVT Treatment  
*TBA*
- 11:55–12:00 **Questions and Answers**
- 12:00–12:15 **LUNCH AVAILABLE**

**SESSION 6 COOK MEDICAL - LUNCHEON SYMPOSIUM: OPTIONS FOR CHALLENGES IN TAAA PATHOLOGIES: HIGHLIGHTS OF COOK'S PORTFOLIO**

- 12:15–12:20 Welcome And Introductions  
*Carlos H. Timaran, MD*
- 12:20–12:35 Endovascular TAAA Treatment - Anatomical And Clinical Features Relevant To Technical Performance And Treatment Indications  
*Lucas Freire, MD*
- 12:35–12:50 Aortic Research Consortium (ARC) Experience In TAAA Repair  
*Carlos H. Timaran, MD*
- 12:50–1:05 Thoracoabdominal Treatment In Type B Aortic Dissection  
*Juan Pablo Carbonell, MD*
- 1:05– 1:15 **Questions and Answers**

**SESSION 7 MORE ARTERIAL TOPICS**

- Moderators:** *Juan Esteban Paolini, MD  
Gutenberg Gurgel, MD  
Rebeca Reachi, MD*
- 1:16 – 1:26 Total Percutaneous Repair Of Aortic Arch With 3 Branches By Unique Femoral Access  
*Juan Varela, MD*
- 1:27 – 1:32 Outcomes Comparison Of Direct Coverage Versus Fenestration For Isolated Left Vertebral Artery Management In Zone 2 TEVAR  
*Zuo Pu, MD*
- 1:33 – 1:38 Emergent Endovascular Management Of Traumatic Aortic Injuries Secondary To Vehicle Accidents In A Latin American Hospital With Secondary Referral Admissions  
*Valeria Sanabria-Giraldo, MD*
- 1:39 – 1:44 Posterior Reversible Encephalopathy Syndrome (PRES): Role Of Vascular Surgery In The Endovascular Era  
*Sebastian Soto, MD*
- 1:45 – 1:50 Early Carotid Endarterectomy: Favorable Outcomes In Symptomatic Carotid Disease Patients In A Middle-Income Country Setting  
*Andrea Paola Munive Gnecco, MD*
- 1:51 – 1:56 Malignant Type 2 Endoleak: An Entity With A Worse Prognosis?  
*L. Mariano Ferreira, MD*
- 1:56 – 2:06 **Panel Discussion**

**SESSION 8 PENUMBRA – LATIN AMERICA EXPERIENCE WITH THROMBUS REMOVAL USING COMPUTER ASSISTED VACUUM THROMBECTOMY (CAVT™) TECHNOLOGY**

- Moderators:** *Gustavo Paludetto, MD  
Tiago Coutas, MD  
Felipe Tobar, MD*
- 2:07 – 2:14 Thrombus Management Evolution  
*Gustavo Paludetto, MD*
- 2:15 – 2:22 Clinical Evidence In PE – STRIKE PE Interim Results  
*Gustavo Paludetto, MD*
- 2:23 – 2:28 PERT Group And Patient Selection  
*Tiago Coutas, MD*
- 2:29 – 2:36 Lightning Flash 2.0: Challenging PE Cases  
*Tiago Coutas, MD*
- 2:37 – 2:44 DVT: My Experience With CAVT™ Technology  
*Luis Fernando Garcia, MD*
- 2:45 – 2:52 Modulated Aspiration Technology For ALI  
*Felipe Tobar, MD*
- 2:53 – 2:59 Clinical Data For ALI: STRIDE Study  
*Felipe Tobar, MD*
- 3:00 – 3:07 **Panel Discussion**

**SESSION 9 SHOWDOWN: CHALLENGING CASES**

- Moderators:** *Sebastian Cifuentes, MD  
Andres Marin, MD  
Sidney Galego, MD  
Tulio Navarro, MD, PhD*
- 3:08 – 3:18 Use Of DES In Remote Popliteal Segment  
*Guillermo Garelli, MD*
- 3:19 – 3:24 Aortic Endograft Infections: A Race Against Time  
*Maria Camila Garcia Roa, MD*
- 3:25 – 3:30 Popliteal Aneurysm: Endovascular Treatment  
*Gustavo Carbajal Contreras, MD*
- 3:31 – 3:36 One-Stage Repair Using Greater Saphenous Vein Graft In The Right Common Iliac Artery In A Patient With Severe Abdominopelvic Trauma: Case Report  
*Thais Rengifo, MD*
- 3:37 – 3:42 Kissing Stent In Iatrogenic Dissection Of The Superior Mesenteric Artery During Branched Endovascular Aortic Repair  
*Rosario Amorin, MD*
- 3:43 – 3:48 Surgical Management Of Infected Abdominal Aortic Reconstruction With Home-Made Bifurcated Xenopericardial Graft  
*Carlo Zuniga, MD*
- 3:49 – 3:54 Addressing Aortic Graft Infections: Utilization Of Cryopreserved Allografts In Complex Vascular Surgery  
*Paula Huertas*
- 3:55 – 4:00 Endoseptotomy For Endovascular Repair Of Thoracoabdominal Aneurysm Associated With Chronic Type B Aortic Dissection: Case Report  
*Altino Ono Moraes, MD*
- 4:01 – 4:10 **Panel Discussion**

## **SESSION 10 INTERESTING MISCELLANEOUS TOPICS**

*Moderators: Jorge Ulloa, MD*

*Santiago Gonzalez Duarte, MD*

*Ana Maria Botero, MD*

*Ignacio Escotto, MD*

- 4:11 – 4:21 Thrombectomy In Children, A New Indication?  
*Marcial Fallas, MD*
- 4:22 – 4:27 Endovascular Repair Of Penetrating Arterial Injury  
*Fernando Joglar-Irizarry, MD*
- 4:28 – 4:33 Catheter-Directed Thrombolysis In A Neonate With  
Infrarenal Thrombosis: Case Report  
*Manuel Pabon, MD*
- 4:34 – 4:39 A New Look At The Creation Of A Fistula In A Patient  
With Severe Central Venous Stenosis  
*Guilherme Farme de Amoed, MD*
- 4:40 – 4:45 Hemodynamic Alterations Of Various Anesthesia  
Modalities In The Surgery Of Arteriovenous Fistulas In  
The Upper Extremities  
*Ricardo Jayme Procópio, MD*
- 4:46 – 4:51 Postoperative Mortality In Vascular Surgery In  
Colombia, Insights From The 4th Indicator Of The  
Lancet Commission On Global Surgery: Sub-Analysis Of  
The Colombian Surgical Outcomes Study (ColSOS)  
*Alejandro Velandia-Sánchez, MD*
- 4:52 – 5:02 **Panel Discussion**

## **SESSION 11 PERIPHERAL ARTERY DISEASE 2**

*Moderators: Andres Dominguez, MD*

*Gloria Salazar, MD*

*Thais Rengifo, MD*

- 5:03 – 5:13 Lateral Access To The Peroneal Artery Without  
Resection Of The Fibula For The Treatment Of CLTI  
*Nelson DeLuccia, MD*
- 5:14 – 5:19 Impact Of Systemic Inflammation On Outcomes  
Following Revascularization In PAD Patients On  
Hemodialysis  
*Diego Herrera Vegas, MD*
- 5:20 – 5:25 Salvage In Chronic Limb Threatening Ischemia In  
Patients Previously Treated With Stenting In The  
Femoral Area  
*Juan Esteban Paolini, MD*
- 5:26 – 5:31 Endovascular Treatment Of Peripheral Artery Disease  
Using Ultrasound Guidance At La Samaritana University  
Hospital, Bogota, Colombia Between 2018 And 2021  
*Héctor Conrado Jiménez Sánchez, MD*
- 5:32 – 5:37 Impact Of Community And Socioeconomic Factors On  
Amputation Outcomes After Superficial Femoral Artery  
Stenting  
*Antonio Solano, MD*
- 5:38 – 5:48 **Panel Discussion**
- 5:48 – 6:00 **J. Leonel Villavicencio Award**
- 6:00 – 6:30 **Reception**
