

OUTPATIENT FACILITIES FOR VASCULAR PROCEDURES AND CLINICAL RESEARCH

FRIDAY, NOVEMBER 22, 2024

1:00 PM – 2:40 PM

AMERICAS HALL 1 SOUTH, 3RD FLOOR

NEW YORK HILTON MIDTOWN, NEW YORK CITY

1:00–1:06 Introduction
Kenneth Ouriel, MD, MBA

GROUP 1

- 1:06–1:14 Why Outpatient Facilities Make Sense: A 3-Decade Personal Experience and Transition from an Academic Practice to the Private Outpatient Setting
Paul J. Gagne, MD
- 1:15–1:23 Understanding the Options: OBLs, ACS, and Hybrid Solutions
Jeffrey G. Carr, MD
- 1:24–1:32 Developing an OBL, Regulatory, Financial, and Design Considerations
Robert E. Beasley, MD
- 1:33–1:41 External Funding for OBLs and ASCs: When is it Necessary? Venture Capital or Private Equity? The Upside Is Capital, but What are the Downsides?
Christopher J. Kwolek, MD, MBA
- 1:42–1:50 Future Possibilities for Outpatient Venous Reconstruction
Marc H. Glickman, MD

GROUP 2

- 1:52–2:00 Clinical Research Can Be Performed in an OBL, Often More Efficiently Than in the Hospital Setting
Thomas S. Maldonado, MD
- 2:01–2:09 Can Clinical Trials for Regulatory Approval be Performed in the OBL/ASC Setting? Requirements, Opportunities, and Barriers
Robert E. Lee, MD
- 2:10–2:18 Current and Near-Term Opportunities for Moving More Complex Vascular Procedures to the Ambulatory Setting; What Procedures and When?
TBD
- 2:19–2:27 The SVS Sub-Section on Outpatient & Office Vascular Care: What Is it and Goals for the Future
Anil P. Hingorani, MD
- 2:28–2:40 **DEBATE:**
Was the Media's Exposé on Physician-Owned Labs Inaccurate, Hyped, Unfair, or All of the Above? Or Was This A Self-Inflicted Problem Arising from the Conflict Between Financial and Patient-Care Concerns?
Kim J. Hodgson, MD
- Yes, There Are OBL Issues, But Participation in the SVS Quality Improvement Program Can Assure Appropriateness and Reassure Patients
William Shutze, MD
